CLCK

CAR KIT FOR CALYPSO

- Dash Mountable Cradle
- Weather Resistant Satellite Antenna
- Cigarette Lighter Power Adapter
- Optional 3.5mm Stereo Mini-Jack Output

Multiple Display Modes

The Calypso's high-visibility positive LCD supports multiple display modes, including the standard Artist Name/Song Title combination screen. A large-letter screen provides even higher visibility (especially helpful when viewing at a distance). Long titles will scroll automatically so there's no hidden or wasted information.

Search by Artist and/or Category

Scroll through channel groups based on content category… and then scroll through channels within the selected category. You can even preset the Calypso to search for specific Artist/Song Title combinations, and it will alert you when a saved song is being played on an incoming Sirius signal. With so much content being broadcast 24/7, you're sure to find what you want.

Tune Directly or by Presets

If you know the exact Sirius channel you want to listen to, just use the front number buttons on the Calypso to tune directly to the one you want. The Calypso can be set for easy access to as many as 30 different channels… so you can narrow your selection to the channels you want. With over 120 channels available, that can save a lot of time.

CLBB

"BOOMBOX" FOR CALYPSO

- Portable "Boombox" With Docking Station for Calypso
- AC Power or DC Power (8 D-Cell Batteries) Compatible
- Detachable 4″ Coaxial Speakers (5' Speaker Cords)

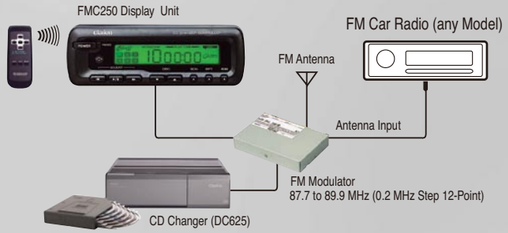
Play CDs through Your Car's Receiver.

If your car radio can receive FM radio broadcasts, you can use the FMC250 hideaway unit to control a Clarion CD changer… and the FMC250 will take the sound from the changer and play it through your radio. Connect the FMC250 between your FM radio antenna input and your antenna… tune your radio anywhere from 87.7 to 89.9 MHz…. and you'll hear CD sound from the changer.



FMC250

CD CHANGER CONTROLLER WITH FM MODULATOR

- Play/Pause Selector
- Repeat Play
- Random/Scan Play
- Track Search
- Disc Selector
- Software Controlled Setup
- Flush Mounting Bracket Included
- Wireless Remote Control Included
